# RG Contractors

RG Contractors is a family run business based in Solihull who have been trading for over 13 years, working in and around the West Midlands area. At RG Contractors, we specialise in landscape gardening including driveways, patios and decking. We are also specialists in full house renovations including extensions, new builds, kitchens and bathrooms.

At RG Contractors we pride ourselves on delivering exceptional customer service, we will always go above and beyond to ensure customer's expectations are met and exceeded.

We offer a full and comprehensive service overseeing the management of your project where we design, source materials, build and maintain.

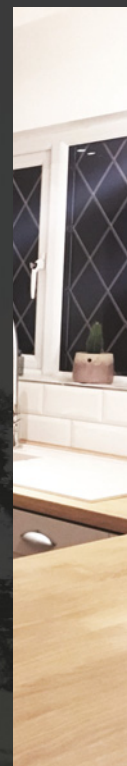

We supply all fully qualified professional tradesmen as required for each individual job.

The RGC team have a wealth of knowledge and experience, with an average of 20+ years trade experience.

We do all the footwork which enables the customer to carry on with their day to day lives, whilst keeping any disruption to a minimum. Communication is key to our success and we will keep you, the customer informed with updates throughout the project lifecycle.

RG Contractors have been fantastic our driveway and back garden look fabulous, they designed and installed everything.

# Block Paving Driveways

We install all forms of paving including tarmac and resin, but our most popular style of driveway is block paving. Block paving provides a large range of colours, styles and patterns which is why this option tends to be the most sort after.

We can install all forms of patterns and different coloured borders, all catered to suit your desired style and needs.

Block paving is very cost effective and can be installed quickly, without having to wait weeks to drive on once completed. Kerb appeal is guaranteed with a block paved driveway! We provide a 3-year guarantee on all work completed.

☺☺ We needed someone to build us a new block paving driveway ☺☺  
Ricki and his team were great and very reliable.

# Tarmac Driveways

Traditionally used for pavements and roads, Tarmac driveways are becoming more popular with residential property owners for their durability and low maintenance.

Tarmac is a strong and robust surfacing material and is exceptionally resilient to vehicles that are heavy, so should stay in great condition for a long time and provide a fantastic finish when installed properly.

Our dedicated team offer a professional and reliable service, with a focus on quality and craftsmanship, we pride ourselves on delivering the best job possible everytime.

“ Our driveway looks  
amazing, it has modernised  
our house and the design is  
exactly what I wanted. ”  
Tom Higgins

# Gravel and Resin Driveways

Make your home stand out by using a natural stone option. We provide a range of gravel and aggregate options to suit all our customers' needs and requirements. From light colours to deep strong vibrant coloured gravel driveways.

With a wide variety of sizes and colours available to choose from, a shingle or gravel driveway is guaranteed to blend in beautifully with any home.

The biggest benefit to having a gravel driveway is the natural permeable state of your driveway. This can be of great benefit to people who suffer with surface water or are restricted by SUDS regulation when installing a new driveway area.

We provide a permeable paving option as well as permeable gravel.

Our work is constantly checked by our suppliers guaranteeing that the quality of work never drops from the highest of standards that is expected of us.

## — What people say

RG Contractors have been fantastic our driveway and back garden look fabulous, they designed and installed everything. If you need a single contractor then I would recommend them to anyone in the West Midlands.

- *Cara Edwards*

We needed someone to build a new fence and clean our patio and driveway. Ricki and the team were great.

- *Louise Smith*

Our tarmac driveway looks better than I had imagined it could, I am so pleased with the work carried out by RG Contractors and highly recommend the team..

- *Joe Vale*

# Patios

Extending your living space into the garden can be a simple and effective way of transforming your home. Patios provide a fantastic space to entertain guests or dine outside on those warm summer evenings. RG Contractors have been creating patios for our customers since 2007 and are experts in making durable yet aesthetically appealing designs.

When it comes to quality, we are the experts you can trust. Depending on your needs and requirements, we can design a child friendly patio providing a great place for the children to play on their scooters or a quiet space for adults to escape to with a glass of wine at the end of a busy day. Whatever your desires we can provide the Wow factor with our patio designs.

We create many different types of patios, below are the most regularly requested patios that we can install:

- Natural Stone Patios
- Porcelain Patios
- Block Paving Patios

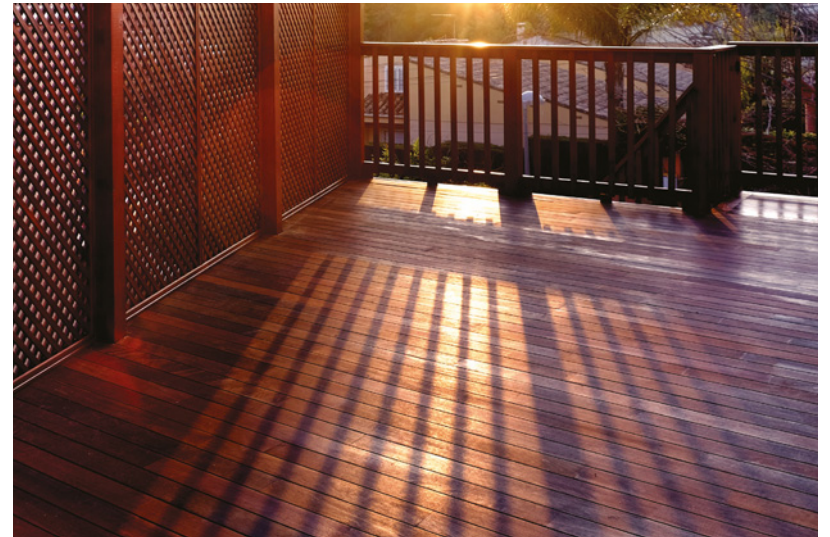

# Decking

Decking can be built to any design and specification which makes it a great solution if you have a garden with many levels, as it can provide a fluid transition from one level to another. Make a feature of your favourite spot in the garden or extend your living space with a decked dining area, decking offsets Bi-fold or sliding doors perfectly so al fresco dining is only a step away.

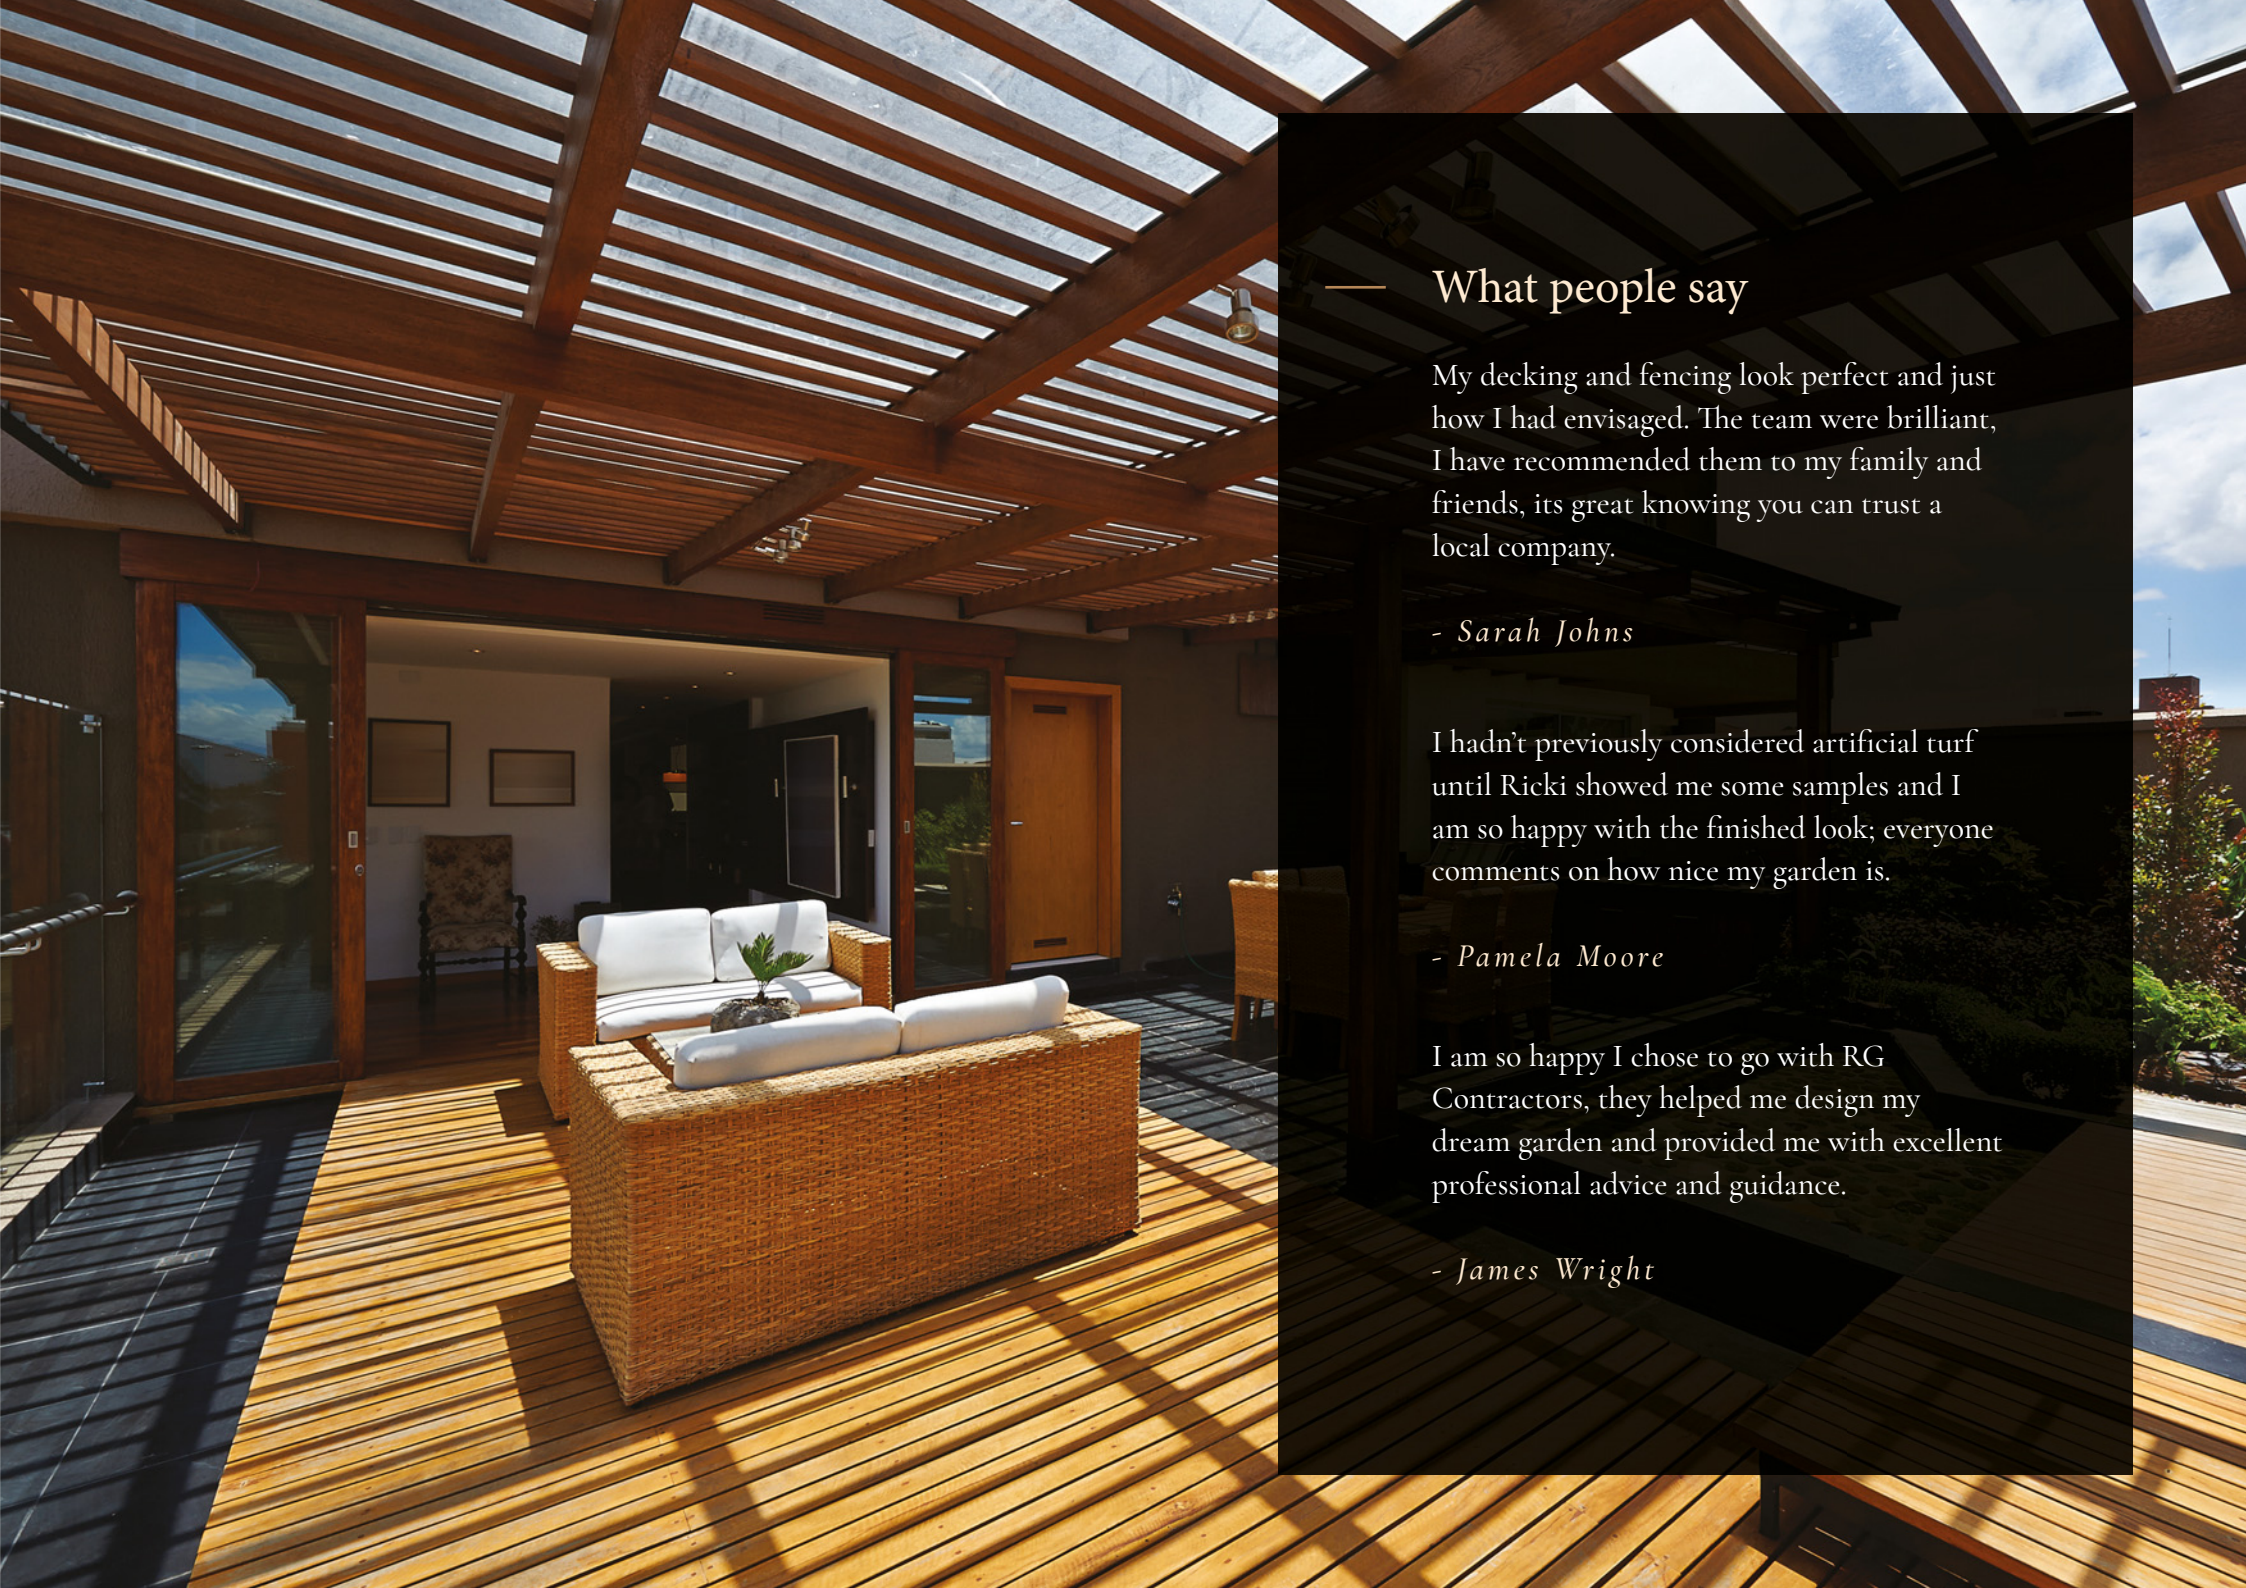

Controlling standards from start to finish, the quality of your project stands entirely with us. Your dream of a gorgeous outdoor entertaining space is safe with RGC.

We can design your bespoke area to include:

- Planters
- Water features
- Outdoor kitchens
- Seating areas and tables
- Roofed Areas
- Lighting

## — What people say

My decking and fencing look perfect and just how I had envisaged. The team were brilliant, I have recommended them to my family and friends, its great knowing you can trust a local company.

- Sarah Johns

I hadn't previously considered artificial turf until Ricki showed me some samples and I am so happy with the finished look; everyone comments on how nice my garden is.

- Pamela Moore

I am so happy I chose to go with RG Contractors, they helped me design my dream garden and provided me with excellent professional advice and guidance.

- James Wright

# Garden Design

RG Contractors are one of West Midlands leading garden design companies because we listen to what our clients want out of their garden and construct an outdoor space to accommodate this.

Over the years we have helped clients develop and design fantastic garden architecture. We have designed many gardens from simple roof terraces through to large country estates.

We achieve a delectable garden using colour, beautiful plants and flowers, architectural lines, and effective styling. We use water features and lighting to really offset your outdoor space.

We will develop your garden with you in mind, firstly working with you to establish what it is you primarily use your garden for and what your visions is for the space e.g. a place for entertaining, relaxation, family time or a hobby. For this very reasons all of our designs are unique and bespoke to the individual customer.

*RG Contractors helped me design my dream garden. The space has been completely transformed and looks stunning!*

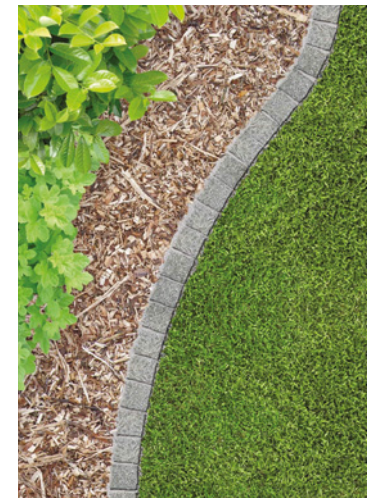

# Natural & Artificial Turf

Artificial Grass is the future of a great looking garden and the look and finish has improved dramatically over the years.

We have built our product portfolio to have the most natural looking artificial turf for your lawn. Artificial grass provides a low maintenance option and a really modern look and style feel free to ask for some samples.

Transform your garden into a vibrant and enjoyable place to be with freshly laid turf.

# Fencing

Fencing is installed for many reasons, mainly to create borders, for privacy and for architectural enhancement. The range and variety of different fencing is vast, but you can guarantee that there will be a type that will suit you and your property.

If you already have a plan for your garden in mind, then this will give us an insight into what you are trying to achieve, and we can then expand on this. We will offer alternative suggestions if we think that something would not work in your specific garden.

RG Contractors have been installing fencing for many years, we can discuss what fencing best suits your needs. We build fences that will stand the test of time. Below are the most common types of fencing that we install:

- Close Board
- Picket Fencing
- Garden Trellis
- Farm Fencing

As a family run company, we strive to maintain the highest standard of service in the domestic and commercial industry. We take extra care in installing all of our fences to give an excellent finish, so that you, our customer, will recommend us to your neighbours and friends.

# Extensions & Roofing

Don't move, improve! An extension can open up a world of possibilities for your home or commercial building, whether it is an extra bedroom, a space to work or a new open plan kitchen/dining area at the hub of your home.

Our team have a wealth of experience in all aspects of building and building design. All of our projects are designed from the ground up with your requirements in mind. We have been delivering successful projects to a wide customer base for over a decade.

We take pride in everything we create; we provide first class workmanship and immaculate attention to detail on those finishing touches.

Most of our new business derives from word of mouth from our highly satisfied customers and fellow businesses within the building trade. Rest assured that our designers will work with you at every stage to ensure the success of any building project.

RG Contractors offer a three-year guarantee on work we carry out, with a five-year guarantee on all furniture and appliances. Together, we can create a space that you can be proud of.

*We undertook a large project with RG Contractors and we are so glad that we did as we are beyond pleased with the end result, the kitchen extension has transformed our home and given it the wow factor!*

# Kitchens

Elegantly designed living spaces, from concept through to completion. A kitchen is a focal point of any home. Not only is it a space for preparing meals, Kitchens act as a social hub for entertaining family & friends as well as day to day living.

Everyone gathers in the kitchen or passes through it. It is like the equivalent of a busy station combined with a self-service restaurant and lounging area.

Our approach is to combine attention to detail with an overall concept for your kitchen. This includes adding all-important personal touches.

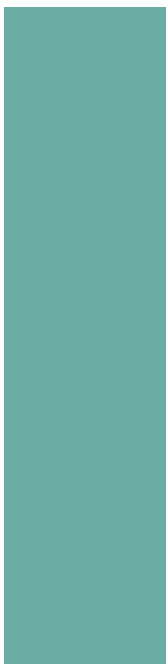

---

We will design a space that will open your eyes to the hidden potential of your new kitchen space. Your kitchen is for living in, and that means it must work for you and fit in with the essential character of your home.

Our Solihull-based designers use their creative skills and their ability to provide a specialist service to our customers.

## — What people say

We were thrilled with the design, installation & finish of our open plan kitchen. The team were very imaginative in their creation and optimisation of space. We always receive compliments whenever we have visitors.

- Alec Stilling

We would not hesitate to recommend RG Contractors for any type of building work. They did a great job of listening to what we wanted and we are extremely happy with every aspect of the completed home renovation. The team are hardworking and can also offer great advice if need be.

- Amy Harris

The team helped me design a kitchen that met my requirements but also fitted within my budget. They were polite, professional and reliable I would highly recommend.

- Sarah Butterworth

# Bathrooms

The bathroom is one of the most important rooms in a home, beyond being simply a place to wash in the modern bathroom is a place of relaxation, refuge and comfort as well as being a durable, functional space.

It needs to be tough enough to cope with constant use by all of the family, but also be a place to relax and unwind after a busy day.

Bathroom design has come a long way, the right bathroom design adds value and can create a space that is warm, welcoming and very distinctive.

What matters is that your bathroom design accurately captures your sense of style and fits in with how you want your home to be.

Bringing a wealth of experience to bathroom design and installation, our expert team understands that each bathroom must reflect the tastes and desires of the customer and fit in with their vision of their home.

This means looking at key features such as the bathroom suite, but also paying attention to other details such as mood lighting, tiles, fixtures and fittings.

We will look at your current bathroom, thoroughly assess the space, whether you are looking for a bathroom installation or renovation.

There are plenty of innovative solutions we can offer, drawing on years of experience in bathroom design and installation and brochures from leading manufacturers.

# Plumbing

We have all your plumbing needs covered, from installing a new boiler to installing fixtures such as bathtubs, sinks, toilets and appliances, including dishwashers and washing machines.

# Laminate Flooring & Tiles

Both laminate and tiles look impressive and make great additions to any home, they can both be laid on existing flooring or new and can go on top of underfloor heating.

We use a flexible adhesive for tiling which is very versatile and strong, you can choose from many different colours of grouting to achieve the desired look and finish.

## What people say

My bathroom is now my favourite room in the whole house! The guys did such a great job, even helping me choose the perfect tile to compliment the bathroom suite I had selected.

- *Grace Pickering*

RG Contractors helped me with my first house renovation, and I was not disappointed. From plastering to skirting boards and hanging doors, the team were able to help me in all areas. It is so handy to find a contractor that can do everything, and their work is of a really high standard.

- *Callum Few*

Ricki and his team completed our downstairs extension including flooring, electrics and plumbing. Always on time and ever professional we trusted the team every step of the way. The newly fitted bi-fold doors are the perfect finishing touch, my only regret is we didn't do this sooner!

- *Jeanette Yates*

# Doors, Architrave & Skirting, Staircases

Architrave and skirting boards have the power to be the perfect finishing touch and to change the feel of any room.

There are a range of designs available we can work with you to select the one that suits the style of your house. You can easily match your current décor and achieve the individual taste you desire as all architrave and skirting is made using pine, which is easily painted, stained or varnished.

We can bespoke build any staircase from softwood to oak timber and also install and fit glass banisters for that modern look and finish. Glass bannisters have become increasingly popular in recent years as they provide light and transparency, which really opens the space up even the smallest staircase and hallway can be transformed with this stunning style.

# Plastering

We offer a full range of plastering and rendering services as well as a complete building service with full project management if required.

Whatever the size of your project, we ultimately have one simple goal in mind – to supply all of our customers with the very best service possible.

# Scaffolding

We are the number one Scaffolding company in Birmingham, West Midlands with industry experience.

We supply the full range of scaffolding equipment, also we can provide bespoke access scaffolding and scaffold hire for both residential and commercial clients. Our most popular scaffolding services include:

- Roofing
- Mobile towers
- Chimney Access
- New Builds

Whatever work you are undertaking we have the scaffolding solution to meet your requirements.

# Windows & Bifold Doors

We can both provide and fit Windows and Bi-Fold doors to fit any space and specification, including skylights and Velux windows in extensions.

Bi-fold doors are an elegant creator of space and potential. While the elegant design and ultra slim frame profile connect you to the world like no other, the precision engineering and high-performance components combine to deliver doors of matchless quality. A gentle push is all it takes to create your new living space.

We also install Soffits and Guttering.

# Log Cabins & Home Offices

A garden room the perfect space creating solution. Hassle-free, cost-effective and contemporary; it makes a modern alternative to traditional home extension methods such as loft conversions or conservatories.

As a stand-alone structure, our products provide separation from the distractions of home; creating a private space to relax, focus and get creative.

Architecturally beautiful and finished in natural materials, a garden room is hand crafted to perfection to provide a stunning addition to your home and garden.

They can be used for the following:

- **Home offices**
- **Man Caves**
- **Bar and games rooms**
- **Beauty salons and much more**

Whether you are looking for a small or a larger space, we have got it covered. Log Cabins can be bespoke built in sizes from 10m<sup>2</sup> to 30m<sup>2</sup>.

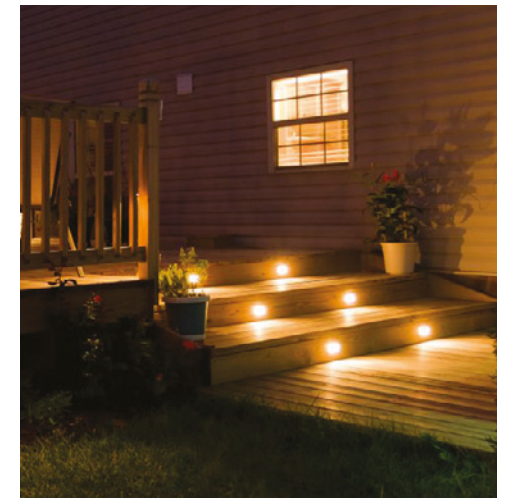

# Electrics, & Outdoor Lighting

We have a team of electricians who are fully qualified and highly experienced, with many years of trade experience.

Outdoor lights or garden lights may be installed for a variety of reasons from security lighting to protect your home or to highlight the beautiful areas of your garden.

Whether its internal electrics to go alongside your new kitchen extension or outdoor lights to provide the finishing touches, we have you covered.

We also offer alarms and cameras to help keep you home secure.
